

March 2, 2016

Greetings from Webster University Vienna!

As the Director of Admissions at Webster University, I would like to invite you and your students to our **upcoming Information Evening on Thursday, March 31st, 2016. Please find included in this envelope a poster and invitations.**

For more than 35 years we have offered an American education in Vienna as the only American University in Austria, which allows our students to select classes according to their interest and career goals. Small classes, individual service and the combination of theory and practice play a key role in our educational approach and help to acquire knowledge and skills needed in the 21st century.

Webster Vienna is one of over 100 Webster campuses worldwide on four continents - Europe, Asia, Africa and North America. Our students are highly encouraged to study at different Webster locations while pursuing their Bachelor's or Master's degrees. This is also reflected in our mission statement: **Webster University, a worldwide institution, ensures high-quality learning experiences that transform students for global citizenship and individual excellence.**

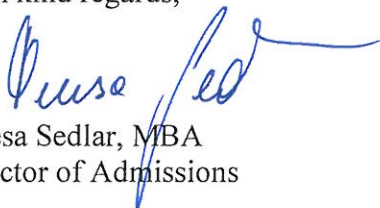

Our graduates become global citizens as a result of our international component on three levels. Our student body represents over 70 different nationalities, they work together with a highly cultural diverse faculty body and have the chance to travel the world through our worldwide campus network. Upon graduation, students can receive an Austrian/EU and American degree, which opens many doors worldwide.

Students with an Austrian *Matura* or an *IB diploma* will complete their undergraduate studies in approximately three years with a dually accredited degree (Austria and United States). English is the language of instruction for all our degrees at Webster University.

We would love to welcome you and your students to meet our staff, faculty and students. If you are interested in bringing a class to Webster University to experience a specialized lecture in English, or would like to have one of our staff/faculty members visit your school for a theme-relevant lecture, please contact me directly at teresa.sedlar@webster.ac.at

I look forward to meeting you personally.

With kind regards,

Teresa Sedlar, MBA
Director of Admissions
